Highway Agent's Report

To the Citizens of Rye:

Each year we are required to bring in a budget for the needs of the various services the highway department

furnishes the town. While the regular maintenance of the highways must be provided for we also try to plan for something of a more lasting nature. For the past two years the Town has provided funds for resurfacing and last year we did Lang Rd. and a section east of Rye Center. While this type of work cannot prevent frost heaves we feel the improvement is worth the cost.

One of the problems that the future planning of the Town should give special attention to is the drainage of surface water. For years the Town has drained water from the roads into available low lands. With the building of houses in these low spots the trend has been reversed and instead of the water being drained off the road, lots are graded and drains installed to run the water from private property into the road. In many cases this not only is a hazard to the people who use the roads but causes damage to the road surface.

The Town Dump which has been the subject of some petitions and meetings this past year has been given much more attention and supervision than before with the cost rising much higher than in other years. The Sea Gull nuisance caused in areas around the dump and attributed to the dump can also be laid at the door of the Dept. of Wildlife that does nothing to control the ever increasing size of the gull flocks. To my knowledge nothing has or can be done to change the method of disposal until town meeting time, it is safe to think that the dump will continue much the same until something definite has been decided. However, every effort will be made to keep this nuisance at a minimum.

We are faced with the prospect of having big trucks hauling thousands of yards of sand, gravel and stone over our roads that were not built to take such traffic. Inasmuch as this is for the improvement of the Wallis Sands State Beach and inasmuch as the Town will lose many hundreds of dollars in taxes annually and with the State abandoning a section of State Highway to the care of the Town Highway system I feel the Town of Rye

should have the assurance that the State of N. H. will make good any and all damage to our highways caused by this project.

CHARLES P. GORDON,
Highway Agent.

Fire Chief's Report

To the Citizens of Rye:

In a community that is mostly residential such as our town the fire potential is great. So great is this potential that home fires lead in loss of life and property. Annually five hundred and fifty thousand homes have fires, over five thousand five hundred lives are lost and over three hundred million dollars worth of homes destroyed. In large factories and business plants many employees are given on job training in fire fighting and fire prevention with the stress on prevention. In the home such is not the case and the work of fire prevention becomes the job of the people living in the home. Keep waste and rubbish in covered metal containers until it can be disposed of. Properly store all flammable materials. Do not abuse your electrical system, if properly installed and used will cause few if any fires. Have your heating system checked before cold weather sets in, make sure it is clean.

When you see a fire make sure all members of your family are out of the house, call the fire department, don't stay in or go into a house that is full of smoke. The smoke and gases generated by modern paints and furnishings can be toxic and can kill or permanently injure you. Your firemen have the breathing equipment to enter such places, so for your own safety leave the fire fighting to them.

A large class of firemen are taking a course in the use

and handling of breathing apparatus at this time. They are being trained by a fireman who took the State Fire Training Course at U. N. H. Many of our firemen have taken advantage of the training schools in the state and have learned much to help them in the fire service.

Let your fire department fight your fires, call them.

The telephone number is WOODLAWN 4-5521.

Your Fire Department answered sixty calls during the year of 1962 as follows:

False Alarms	3
To wash gas. & oil from road	4
Grass Fires	10
Brush Fires	9
Flooded oil burners	6
Car & truck fires	4
Boat Fires	1
Incinerator Fires	1
Rubbish Dump	4
House Fires	3
Clothes Dryer	1
Chimney Fires	4
Tree Fire	1
Brush Dump	4
Kitchen Ranges	3
Leaking oil tank	1
Checking out smoke	1
Lost Persons	1
Mutual Aid to Greenland	1
Mutual Aid to Portsmouth	2
Portsmouth to Rye	2
Hampton, North Hampton and Greenland to Rye	1

I wish to thank every one who assisted the Fire Dept. in any way this past year.

CHARLES P. GORDON,
Fire Chief.

Forest Fire Warden's Report

I am pleased to report another year with a fine fire record and I ask your continued help in maintaining this record.

I remind residents that permits are required for all outdoor fires and burning except when there is snow on the ground. These permits may be obtained at the Fire Station. It is the policy of the Warden not to issue permits for Sunday burnings. Past experience has shown

that Sunday permits have been responsible for many bad fires.

I would like to personally thank the Rye Fire Department, the deputy wardens, and the Volunteer Firemen for their willingness to cooperate with me at all times. The Deputy Wardens are Charles Gordon, Richard Eaton, Edwin Bromfield, and Leonard Brown.

It may be of interest to taxpayers that $\frac{1}{2}$ of the cost of forest fires is reimbursed to the town by the State of New Hampshire.

Municipal Court

At the conclusion of this year, 441 cases were brought
before the court. This has been the largest number of
cases that has been handled since the court was originated.

Out of the total cases, there were no serious crimes
against persons or property in Rye. All cases were mis-
demeanors with the exception of one felony.

Auditors

Rye Police Department

TO THE CITIZENS OF RYE:

I wish to express my appreciation to the members of the Rye Fire Department for their assistance during the past year.

The death of Special Officer Spencer F. Sullivan on October 21, 1962 was a great loss to this department.

Officer Sullivan worked seven summers in the Wallis Sands Beach area and winters on special details. He was well liked and respected by all.

Last year I asked for a man to work the Jenness and Rye Beach area for the summer months. This was denied. I hope this request will be granted this year. These areas are used more every year and a man on duty every day is needed to keep proper control.

The following is a list of offenses and miscellaneous items that were handled by this department during the year:

COURT CASES

Criminal:

Making a False Report of a Crime	1
Drunk	2
Beer or Liquor to Minors	1
Minors with Beer or Liquor in their possession	16
Town Ordinance violations	3
Rubbish on Highways	3
Larceny (over \$50.00)	1
Larceny (under \$50.00)	3
Trespassing	2
Assault (simple)	6
Assault (aggravated)	1
Indecent Exposure	1
Failing to answer Summons	1

Motor Vehicles:

Driving while Intoxicated	4
Grossly Careless & Negligent Operation	3
Leaving the Scene of an Accident	2
Misuse of Plates	1
Operating after Suspension or Revocation	1
Operating Uninspected Vehicle	6
Operating Unregistered Vehicle	7
Operating Without a License	6
Solid Line Violations	25

Stop Sign Violations	43
Speeding	38
Failing to Stop for a Police Officer	1
Failing to Stop for a School Bus	3
Failing to Display Proper Plates	1
Operating to Endanger the Public	3
Operating with Improper License	2

Total Criminal and Motor Vehicle	187
----------------------------------	-----

Miscellaneous:

Juvenile	12
Motor Vehicle Warnings	64
Suspension of Operators Licenses	16
Accidents Investigated	63
Parking Tags Issued (Fines)	103
Parking Tags Issued (Courtesy)	32
Complaints Received & Investigated	372
Stolen Cars	2
Stolen Cars Recovered	4
Beach Fire Permits Checked	350
Ambulance Calls	7
Pistol Permits Issued	21
Summons Served for other Departments	11
Cottages Inspected	654
Dog Cases Handled	73
Doors and Windows Found Open	46
Emergency Messages Delivered	34
Attempted Suicides	2

Respectfully submitted,

ELI W. PERRY, *Chief.*

Auditors.

Health Officer's Report

During the past year there was no epidemic of contagious or infectious diseases in the Town of Rye.

Only two cases of chickenpox in children were reported to me. It is presumed there were more notifiable diseases occurring in the Town but the Health Officer was not informed.

There were a number of complaints of overflowing septic tanks. The owners were notified and I believe the conditions were corrected.

Respectfully submitted,

WALTER M. ANDERSON, M. D.,
Health Officer.

Planning Board

The Planning Board held 9 meetings in the past year under the chairmanship of Vincent D. Boutilier. There were few requests for sub-division plans. The Board and the Selectmen have been actively working on the preparation of a Master Plan.

The 1962 Town Meeting voted \$2600.00 for the use of the Board in Planning. We contacted the State Planning Department to apply for additional funds under the Urban Planning Act #36:9. Under this arrangement the Town contributes one-third the cost and the State and Federal governments two-thirds.

This enabled us to contract through the State Planning Department, the services of the Northeast Planning Associates of Burlington, Vt., who are professional town and city planners. Previous to this we interviewed the representatives of three other firms, to make a selection of talent in this field.

The scope of this Master is outlined as follows:

1. Base Mapping.

2. Existing Land Survey.
3. Population Study.
4. Community Facilities Study.
5. Street and Parking Plan.
6. Economic Base Survey.
7. Land Use Plan and Report.
8. Zoning Ordinance and Map Revision.
9. Land Sub-division Regulations, Revisions.
10. Capital Improvement Program.
11. Comprehensive General Plan.

Items such as the Town Dump, Town Hall, School Buildings, Fire Station, Library, Culvert construction will be covered under one phase. Study will also be made of Public Utilities, Street improvement, etc.

Our Consultants have worked on population characteristics, housing conditions, age distribution, began studies of the economic base of the town, visited some of the facilities such as the library, town dump and the schools.

The end result should be a firm foundation upon which to guide future development of our town and help to solve the problems which concern us all.

Completion is scheduled for February 1964. This Plan should give us a base for approximately 20 years, but will require revisions during that time.

MOSQUITO CONTROL

We wish to report that our efforts in spraying have been more successful than they were in 1961. The State Water Pollution Commission allowed us to use a new type of insecticide (Baytex) which is not harmful to fish life. The spraying was done under controlled conditions with the use of an expert on the ground, before spraying for the necessity, and after for the effectiveness of the laval kill. A helicopter was again used for aerial spray.

We completed four sprays this year. The contemplated June dated had to be by-passed from the air as the helicopter contracted encountered mechanical trouble on

the way up the coast and was grounded beyond the effective period for spraying. (The machine was in new condition at the time of its failure.) For this reason ground fogging was resorted to in order to give some relief due to increasing daily temperatures. However, this type of control in the adult stage is never as effective as laval control.

The local Representatives to the Legislature met with the Southeastern Mosquito Control Project and as a result bills are being introduced next year to obtain State aid. The aim is to start a water control program which will give this area permanent mosquito control. Considerable time and effort by the local committee was spent this year to try and get the State to make an Engineering survey of the ditching problem without waiting for bills to be passed but this effort was not successful.

R. NORMAN STERN,
Clerk.

Report of the Board of Adjustment

During 1962 the Rye Board of Adjustment conducted ten public hearings of applications for variances from the zoning ordinance. Seven of the petitions were approved, two were disapproved and one was tabled.

At the 2 October meeting the Board elected Channing H. Green, Chairman; Robert W. Simpson, Vice Chairman and Joseph O. Varrell, Clerk. Mr. Simpson and Mr. Stewart are to be commended for their services during the past five years as Chairman and Clerk respectively.

JOSEPH O. VARRELL, *Clerk*

Report of Library Trustees

At the March town meeting Francis W. Sykes was elected Library Trustee for three years, succeeding the late Charles W. Parsons.

In spite of crowded conditions the staff has continued its high standard of service. A survey of Rockingham County libraries placed the local library second only to Exeter in its percentage of per capita circulation.

September 4, 1962, an open house was held at the Library from 3-5 for the teachers in the local schools. Twenty-three took advantage of the opportunity to become acquainted with the facilities offered to help with their work. Mrs. Marion Brown assisted the Librarian and Trustees in serving tea.

Additional shelving has been built in the basement for storage of magazines. This allows more efficient arrangement of the material for reference. The new Encyclopedia Britannica is housed in additional bookcase space in the reading room.

Gifts to the Library include a dictionary stand and a new American flag presented by the Junior Women's Club, whose interest is greatly appreciated. The Lions Club has given a New Hampshire state flag, inscribed in honor of Charles W. Parsons. The gift of ten dollars has been added to the Charles W. Parsons Memorial Fund. The Complete Works of Emily Dickenson was given by the Wednesday Morning Reading Club in memory of Mrs. Carrol W. Brown, and Dr. and Mrs. Peters presented "The Sandpiper" by Rosamond Thaxter in memory of Charles W. Parsons. A trust fund of \$750.00 for the purchase of books has been established by John and Blanche Parsons, and should have been acknowledged in last years report.

Beginning last July the hours at the Library were changed to Monday, Wednesday, and Friday from 2-8 p. m.

The Trustees regret to announce the resignation of Miss Marjorie Chapman as assistant librarian. She served as Librarian for the years following the death of Miss Helen Drake, and has since been invaluable as an assistant to Mrs. Trefethen.

Last June the State Library was requested by the Trustees to undertake a survey of the library. This was completed in December and gives a thoughtful study of present conditions and future needs. This report is at the library and we urge your study of it in order to understand the problems we face.

For two years the Trustees have requested the town to approve an addition to the present building. Without it we cannot adequately meet the requirements of this rapidly growing town. We are again asking your support of this project, plans for which can be seen at the Library. Since the extension is planned for the rear of the building it will in no way detract from the beauty of the appearance from the street.

We quote from the state report:

"The most pressing need is for space for books, more seating capacity, staff work area, etc. An addition to the present building is strongly urged and is essential if the library service is to keep pace with the growth of the community. Additional book-related services, such as film showings, story hours, group discussions, classroom visits and instruction, etc. which should be part of the library's regular program. A library is not just a repository of books, but a dynamic educational institution, satisfying the diverse needs of a community.

Respectfully submitted,

ELIZABETH A. GREENE,
HELEN F. PHILBRICK,
FRANCIS W. SYKES,

Trustees.

Librarian's Report

At the writing of this report, the New Hampshire State Library has just completed a survey of present day library service in Rye. This was done at the request of the Board of Trustees of the Rye Library. The results of this survey are both gratifying and challenging. The recommendations made will certainly give us many concrete objectives for which to strive. In order to provide expanded and improved library service which will keep pace with the growth of the town, it was felt essential that more space be provided and an addition to the present library building was strongly recommended. Without this added space it will be impossible to carry out a number of the other recommendations made in the report.

The recommendation that the entire library collection be recatalogued was not unexpected, for we have long been aware of this need. Over the years there have been serious lapses in the cataloguing. Many of these have been corrected, but in order to do the job properly every book in the library should be rechecked and, if necessary, recatalogued. This is a tremendous task and one which will require a great deal of extra time and help. However, its accomplishment would be of great benefit to all library users and one which we hope can be achieved during the next few years.

During 1962, 814 books were added to the Rye Library collection. Of these 250 were children's books. 670 were purchased from town and trust funds, 46 were gifts and 98 were purchased from fine money. We were also able to purchase from fine money a new 24 volume Encyclopedia Britannica, which has added a great deal to our reference collection. To house this set a new bookcase has been built and placed in the corner of the reading room. New book shelves have also been built in the basement for the systematic storage of back numbered magazines. With the aid of the Reader's Guide to Periodical Literature, these magazines are used a great deal as a source of reference material.

During the past year we have borrowed 855 books from the State Bookmobile and 183 books directly from the State Library. These have been particularly helpful to students desiring additional reference material for special school projects and term papers.

Our circulation this year showed an increase of 971 over that of 1961 for a total of 26,486 books. 9,575 of these were children's books. During the month of August 3400 books were circulated, marking a new high for one month. It is interesting to note that in Rockingham County the Rye Library, with a per capita borrowing of 7.9 books, was topped only by the Exeter Library.

At the recommendation of the State Library, and in an attempt to better serve the schools, library days were changed to Mondays, Wednesdays and Fridays from 2 to 8 p. m.

During National Library Week in April a Puppet Show was given at the library. This event was co-sponsored by the Rye Junior Women's Club and was attended by seventy five pre-school children and their mothers. They were delightfully entertained by the Rye Puppeteers, who presented two puppet shows. New children's books were on display and many of the small guests were introduced to the library and what it had to offer.

In September, just previous to school opening, an informal get-to-gether for the Rye teachers was held at the library. The resources of the library and the services offered were explained by Mrs. Greene, Chairman of the Board of Trustees, and by the Librarian. Refreshments were served and the new teachers were given a chance to browse and to inspect the library and its facilities. It was a profitable afternoon for all concerned. Since this meeting many of the teachers have availed themselves of the opportunity to borrow collections of books for use in the classroom, and books relating to school projects have been displayed and made available at the library.

Special mention should be made here of the many attractive exhibits of art work done by the school children which have been placed in the library by Miss Norwood, Art Instructor in the Rye Schools. They have added a gay and colorful note to the interior decoration of the library and have created much favorable comment.

As always we are extremely grateful to all those who have generously contributed books, magazines and other gifts. Many of these have been current books of particular merit, which we appreciate very much. Two books were given as Memorial Gifts - *Sandpiper* by Rosamond Thaxter, given by Dr. and Mrs. Anthony Peters in memory of Mr. Charles W. Parsons and *The Complete Poems of Emily Dickinson* given by the Wednesday Morning Reading Group in memory of Mrs. Carroll Brown. Two gifts of money have been added this year to the Charles Parsons Memorial Fund.

Local organizations have again shown their interest and generosity. The Rye Junior Women's Club presented a fine new dictionary stand, a beautiful American flag with standard, and a gift of money. This fall the Rye Lions Club presented a very handsome New Hampshire State flag with standard, in memory of Mr. Charles W. Parsons, who had been a very active member of the Lions Club as well as of the Board of Trustees of the Rye Library. The Every Other Tuesday Club gave its annual gift of money and the Rye P.T.A. contributed a year's subscription to the P.T.A. magazine. For all these gifts we express our grateful thanks.

It is with sincere and deep regret that we lose the services of Miss Majorie Chapman as Assistant Librarian. For a period of twelve years she has served the library and the town with devotion and dedication. Her assistance to the present librarian has been invaluable and far beyond the call of duty. Her wise counsel, her knowledge of books, her interest in people and her will for work knew no bounds. We hope that in her retirement she will find time for all the things she loves the most - books, travel

and the out-of-doors and that in these she will find great joy. To replace Miss Chapman as Assistant Librarian, we are fortunate to have secured the services of Mrs. Clark H. Leach, who has already proved herself to be efficient and willing.

As we approach another Town Meeting, we hope the townspeople will give careful consideration to the physical needs of the library so that adequate library service and resources may be provided for this rapidly growing community.

Respectfully submitted,

HELEN H. TREFETHEN,
Librarian.

Rye Ambulance Corps, Inc.

On September 1961 the Board of Selectmen, with funds raised through public subscription, purchased an ambulance for the use of the people of the Town of Rye. An ambulance committee of seven was appointed for the purpose of discussing such topics as: procurement of related equipment and supplies; recruitment of drivers and attendants; care and handling of sick and injured; fees, if any, to be charged for ambulance service. This committee was composed of Police Chief Eli W. Perry, Chairman; Fire Chief Charles P. Gordon, Forbes O. Bryce, Weston F. Cook, Charles E. Fernald, William Jenness and James N. McMahon. The committee made several trips out of town to study the operation of other ambulance corps already in operation throughout the New England area.

As a result of these trips, and with the able assistance of Judge Gerald F. Giles, by-laws were drawn up, the Rye Ambulance Corps was formed, and incorporated under the laws of the State of New Hampshire as a non-profit charitable corporation.

Two local physicians, Dr. Sidney R. Baker and Dr. Issac I. Katz, who had evidenced a great deal of interest in the formation of the Corps, were contacted and appointed Commander and Deputy Commander of the Corps respectively and assumed the responsibility of training personnel in the handling of all types of ambulance cases.

The Selectmen of Rye were then contacted and an agreement was drawn up and signed whereby the ambulance would be leased to the Corps for a minimum fee per year and permission was granted for the Corps to solicit subscriptions to the service throughout the town. To date 432 families in Rye have subscribed to this service. In keeping with the terms of the agreement, fees derived from these subscriptions are utilized only for the upkeep of the ambulance and the maintenance of the

Corps equipment.

On 15 February 1962 the Ambulance Corps became an operating agency and on 31 December 1962 had completed seventy (70) trips to hospitals throughout the area as follows:

Exeter Hospital	3
Brentwood Hospital	1
Concord State Hospital	1
Boston	3
Southbridge, Mass.	1 (116 miles)
Portsmouth Hospital	61

A subscription to the ambulance service guarantees that upon payment of \$3.00 the head of a family and all members of his family domiciled with him will receive this service as many times throughout the year as is required to any hospital within a radius of fifty (50) miles. This also includes Metropolitan Boston. The only stipulation being that the ambulance call be placed by the family physician or a regular member of the Police and Fire Departments. Non-subscribers to the service are charged one dollar per mile with a minimum fee of ten dollars.

Inasmuch as all calls for ambulance service are placed to the Police and Fire Department telephones, we of the Corps would like to express our deep appreciation and thanks to the police secretary and the three permanent members of the Fire Department who receive these calls on a twenty-four hour basis and in turn call out the ambulance crews. Their instant and constant cooperation is, and has been, essential to the operation of the Corps.

The ambulance is garaged at the Rye Fire Station and is available for inspection at any time by the citizens of Rye. Membership in the Corps as drivers and attendants is open to residents of Rye who might be interested in serving in this capacity. There are presently twenty-eight (28) people in the Corps including 5 women.

Now, with our first year of operation drawing to

a close, it is our sincere hope to eventually have every family in the Town of Rye subscribe to this service. The subscription drive for the ensuing year opens on 1 February 1963.

Respectfully submitted,

JAMES N. McMAHON,

President,

Rye Ambulance Corps. Inc.

School Board Report

To the citizens of the Rye School District:

During the past year your School Board has met at least once a month with the Superintendent of Schools and the Principal of the Rye Schools. Special meetings have been held whenever necessary. As the greatest problem confronting the Board has been the lack of adequate facilities at the Center School, members have worked long and hard to find a solution. It is imperative that additional space be provided by September 1963 and it is hoped that the citizens of Rye will study the situation thoroughly and vote to support a building program at the next annual School District meeting. Therefore this report will deal primarily with a brief review of the situation and what has been accomplished since the last School District meeting.

At the March 1962 School District meeting plans for an addition and renovations at the Center School were turned down by the voters. As the necessity for additional facilities was constantly becoming more acute, the Board met with Mr. Paul Farnum, Deputy Commissioner of Education in New Hampshire and an expert in the field of school construction in order to get his view on the matter. After a thorough discussion of the problem, Mr. Farnum concurred with the Board's study of facilities needed and advised it to proceed with plans and to try for a special meeting before the next annual School District meeting in order to start construction as early as possible, provided the voters supported the proposal.

At this time the Board appointed a Building Study Committee, representing a cross-section of the town. Members include the following: George Carpenter, John Parsons, Bernard Maxam, John Johnston, Major Donald Smith, Richard Dill, Philip Drake, Norman Brown, Ralph Hammond, Dr. Robert O'Brien, Boyd Brodhead, Dr. Isaac Katz, Mrs. Urban Beane, Mrs. Frederick Clark, Mrs. E. Leroy Greene, Mrs. Joseph Heaney, Mrs. Francis

Sykes. With the assistance of this committee and other interested citizens, ideas of four architects for construction to meet the needs were reviewed and Mr. Norman Randlett of Laconia was selected to work with the Board in forming preliminary plans. These plans have been presented and discussed at several public meetings. All suggestions have been welcomed and, as a result, the Board hopes that the objections to the former plans have been eliminated.

As the Building Study Committee advised the Board to try for a special School District meeting in January, the Board, through its attorney, Mr. Richard Dill, petitioned the Superior Court for such a meeting. However, after a month's delay and for reasons not given, the petition was denied. The proposal will now be presented to the voters at the annual School District meeting in March.

Meanwhile the Board has met with the Rye Planning Board and the Northeast Planning Associates (the professional planners who are doing the overall survey of Rye) and both groups have seen the need of immediate construction. They have stated that they recognize the need of a library and an auditorium-gymnasium with shower and locker facilities as a necessary part of a junior high school program as well as additional classrooms. The Rye Planning Board, by majority vote, has approved the present proposed building plans.

School census figures predict a gradual increase in population for Rye. An addition of five classrooms, including two science classrooms, plus the release of the principal's office for an additional classroom should be sufficient for the next eight years. The renovation of the present small auditorium-gymnasium into a principal's office and library plus the construction of a new and adequate auditorium-gymnasium will give the facilities which a junior high school should have for a well-rounded educational program. As our students continue their education at Portsmouth High School it is necessary that they receive the best education possible in Rye so that they

will be on a par with Portsmouth students who have had the advantages of a thorough, well-rounded junior high school program.

Cost of the proposed addition is set at \$219,000 with an additional \$20,000 for equipment. This represents a tax impact of \$1.89 per thousand the first year decreasing to \$1.17 by the last or fifteenth year. As New Hampshire stands fiftieth in the nation so far as state aid to education goes, it is apparent that Rye citizens must expect to finance Rye's schools and Rye children's education with their own tax dollars. The only help that can be expected so far as present legislation is concerned is an annual payment by the State of New Hampshire of thirty percent of the amount of the annual principal payment on the school building debt through the State School Building Aid Law.

A flyer showing proposed construction will be distributed throughout Rye before the annual School District meeting. As more than two years of careful study, evaluation and planning have gone into this proposal, the Board hopes that all citizens will give it their careful attention.

Early in the morning of December 31, 1962, due to sub-zero temperature and gale winds, the load on the boiler at the Center School proved to be too great, resulting in its failure. At first it was thought that it might be saved, at least temporarily, but on the advice of heating experts who were called in it was decided it should be replaced immediately. As this would require a special appropriation, permission of the Town Budget Committee was secured. A new boiler was installed by January 6, 1963 with a loss of but three school days.

The Board extends appreciation to organizations which have contributed to the Rye schools, - the Rye Parent Teacher Association, Every Other Tuesday Club, Rye Junior Women's Club, Friends of Music, Daughters of the American Revolution, - also to all parents and other

citizens who have supported it in its efforts to improve the education offered in the Rye Schools.

Respectively submitted,

HELEN J. POTVIN,

Chairman

BUFORD POTTS, JR.

RALPH E. MORANG, JR.

Rye School Board

Record of School Meeting

March 10, 1962

The meeting was called to order at 10 A. M. by Charles W. Gray, Moderator. After reading the first four articles calling for the election of school district officers, Mr. Robert Goss moved we act on the first four articles at this time and the balance of the business meeting be adjourned until 8 P. M. This motion was seconded and carried.

At the opening of the business meeting at 8 P. M. the results of the balloting was announced as follows:

Total number of votes cast	524
Necessary for choice	263

Charles W. Gray - 493 votes. He was declared Moderator for the ensuing year.

Helen M. Philbrick - 493 votes.

Ralph E. Morang, Jr. - 1 vote. Helen M. Philbrick was declared Clerk for the ensuing year.

For school Board:

Ralph E. Morang, Jr.	316 votes
Maynard L. Young, Jr.	202 votes
Elizabeth Greene	1 vote
Ralph Hammond	1 vote

Ralph E. Morang, Jr. was declared a member of the School Board for the ensuing three years.

These three officers took the oath of office in open meeting.

Miss Agnes M. Brown received 488 votes. She was declared Treasurer and took the oath of office at a later date.

Business was resumed under Article 5. Mr. Joseph Varrell moved that action on this article be deferred until after action on Article 6.

Article 6. This article called for an addition and alterations to the Rye Center School. It was discussed at length. Mrs. Helen Potvin was called on to explain the reasons, plans and needs. Mr. Jason Boynton was called on to speak on space needs. This was objected to by Mr. Goss, as Mr. Boynton is not a legal voter of this district. However, Mr. Dill, School Counsel, felt that if he were merely explaining it would be O. K. Miss Holway moved the Superintendent be allowed to speak. The motion was seconded and carried, and Mr. Boynton spoke.

Slides of the proposed plans were shown and explained. Other speakers and questioners, pro and con, were Ralph E. Morang, Jr., Walter Emery, Susan Clark, Mr. Miles, the architect (after a motion by Mrs. Holway, which was seconded and carried, allowing him to speak), Ralph Hammond, Elizabeth Greene, Jane Holway, Ida Morang, Sadie Ashby, Major Bowditch, Joseph Varrell, Mrs. Holway, Mr. McKinnery and others.

Mr. Hammond called for the question and moved the checklist be used. Printed "yes" and "no" ballots were provided, "yes" ballots in favor of the addition and "no" ballots against. A total of 323 were cast, 148 yes and 175 no votes. The motion was declared lost.

Referring back to Article 5, Mr. Joseph Varrell moved this article be placed on the table. The motion

was seconded and carried.

Article 7. Mrs. Helen Potvin moved the town auditors serve as school auditors. This motion was seconded and carried.

Article 8. Mrs. Elizabeth Greene explained this article, allowing school district officers to be elected at town meetings. She moved for the adoption of this article as read. It was seconded and carried.

Article 9. Mr. Hammond requested that the budget be taken up item by item, as the proposed budget included the bond issue. It was voted to add \$2,000 (two thousand dollars) to teachers' salaries plus \$183.24 (one hundred eighty three dollars and twenty four cents) to retirement. After some discussion, it was voted on a motion by Dr. O'Brien and seconded by Thomas Allen, to raise and appropriate the sum of \$349,695.19 (three hundred forty-nine thousand, six hundred ninety five dollars and nineteen cents) for the support of schools, for salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriations of such sums as are estimated to be received from state equalization fund together with other income, the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which is to be raised by the Town.

Article 10. Norman Stern brought the matter of the sanitary facilities at the school before the meeting, declaring they were bad. Mr. Griffin supported him. A motion to appropriate \$2,000 for work already done was declared out of order. It was moved and supported the Moderator appointed a committee to draft and send a letter to the School Board expressing the gratitude of the people here assembled for all the work they put on the school plans during the past year.

It was moved and seconded to adjourn. Motion carried.

HELEN M. PHILBRICK,
Clerk of the District.

A true copy: Attest
HELEN M. PHILBRICK, *Clerk.*

Report of the Superintendent of Schools

In this, my second report to School Board Members and voters of Supervisory Union No. 21, an attempt is being made to cover three points:

District Membership and Staff

Space Requirements for Increasing Student
Membership

Some Recommendations of Interim Commission on Education

The first topic, "Student Membership and Staff" is included as background information which is requisite for an understanding of the business of this Supervisory Union.

Supervisory Union No. 21 continues to include eight school districts, namely: Hampton, Hampton Falls, New Castle, North Hampton, Rye, Seabrook, South Hampton, and Winnacunnet Cooperative. In December of 1962 there were in these eight districts 3,519 pupils in grades K-12 attending schools and a total of two hundred forty one school district personnel including administrators, teachers, nurses, secretaries, cafeteria staff, and custodians - an increase of two hundred pupils over the previous year and a total of twelve additional staff members.

Charts which follow show the distribution of pupils by districts and by grades and the number of employees in the several categories in each district.

SUPERVISORY UNION NO. 21
SCHOOL MEMBERSHIP CHART, Dec. 31, 1962

Union-Wide Total							241

*In several instances the same employee is shown in several positions since part-time positions are included. However, the totals have been adjusted to reflect the correct number of employees in the Supervisory Union.

The second topic, "Space Requirements for Increasing Student Membership" is presented as a union-wide problem. It may be very desirable to propose and examine solutions which cross individual school district boundary lines in an effort to find the best possible plan. Board Members in several districts will remember the school year 1962-1963 as a year of much study regarding space needs and possible building programs.

In Hampton a \$475,000.00 addition is well on its way toward completion. Mr. Irving Hersey, of Durham, New Hampshire, is the architect of this addition which provides 11 general classrooms, 2 science rooms, a cafeteria, music room, library, physical education room, and boys' and girls' shower and locker areas. Mr. Winston Titus, of Laconia, New Hampshire, is the general contractor and it is expected that the second story classrooms will be occupied during this school year.

In Hampton Falls, School Board members are giving thought to how best to provide for their elementary pupils. The problem in Hampton Falls, as in many other such communities, is that the gradual increase in pupils is reaching the point where a separate teacher and a separate classroom should be provided for each grade level. Six teachers and six classrooms are needed, and only five of each are available. Board members are interested in exploring all possibilities, including the extension of the Winnacunnet Cooperative to include all twelve grades or sharing facilities with other districts on a tuition basis. It could well be that study committees, composed of citizens from several communities, may find solutions which are not now conspicuous.

New Castle is the only district without a school building problem. The Maude H. Trefethen School houses grades 1-6 inclusive, with students in grades 7-12 attending the Portsmouth Schools on a tuition basis.

In North Hampton a study is just getting underway as a result of the completion of this year's membership

projection which projection clearly requires serious attention be given to space needs in the near future for this fast growing community.

The Rye School District rejected a plan for an addition to the Junior High School at the March 1962 School District Meeting. The Board has worked diligently and effectively to improve last year's proposal and has a plan which seems to overcome objections voiced last year. One may expect that the action of voters regarding this issue will serve to identify the 1962-1963 school year, and in the interest of quality education I urge support of the Board's proposal.

Seabrook School District may, if the voters support the Board's thinking, have a committee appointed to study the future space needs. School population charts have been studied and the Seabrook School Board considers that a committee is needed to thoroughly investigate this matter.

In South Hampton the distribution of pupils at each grade level is such that another teacher is needed and this would require another classroom. Fortunately some preliminary thought has been given to anticipate this need and it is hoped that a way can be found to provide the additional space without undue delay.

Winnacunnet school building needs will be covered more comprehensively in a separate report to voters of the Winnacunnet Cooperative School District. However, it is apparent that the addition needed should be such that the total school can accomodate 1200 students. Conservative estimates give evidence of this need.

With seven of the eight districts having a space problem, our thinking should include the possibility of cooperative action, and it is for this reason that this presentation crosses district lines.

The third and final topic to be presented, "Some Recommendations of the Interim Committee on Education,"

has been very much in the news and will, I expect, be of continuing interest.

From the time the joint resolution was adopted and the fifteen member commission named, school men have held high hopes for the outcome of such a comprehensive study - here would be outstandingly competent lay people investigating, in a positive setting, the total educational function within our State.

The three major areas of investigation included (1) the organization and grouping of public school districts into supervisory unions, (2) post secondary education, and (3) public school finance.

The recommendations have been quoted from the Preliminary Report of the Interim Commission dated December 20, 1962, and can be found following this report. I trust those recommendations made to the General Court will be of interest to voters.

I sincerely appreciate the cooperation and many kindnesses which have been extended me as Superintendent of Supervisory Union No. 21. I pledge my best efforts to the responsibilities and duties of this office.

Respectfully submitted,

JASON E. BOYNTON

January 14, 1963

Superintendent of Schools

REPORT OF SUBCOMMITTEE ON PUBLIC SCHOOLS

1. It is recommended that the existing 48 supervisory unions be reorganized into 34 supervisory districts, in accordance with a Master Plan for educational organization.
2. It is recommended that the Authorized Regional Enrollment Area concept be adopted.
3. It is recommended that tuition charges by A. R. E. A. schools be fixed at the following levels:

Elementary	\$260.00
Junior High	324.00
High School	440.00

4. It is recommended that state incentive aid be awarded to A. R. E. A. schools on the basis of each average daily memberships crossing town lines, as follows:

Elementary	\$45.00
Junior High	60.00
High School	75.00

REPORT OF SUBCOMMITTEE ON PUBLIC SCHOOL FINANCE

1. The Commission recommends that New Hampshire adopt the goal of assuming at state level *at least* twenty per cent of the costs of local public school education within the next ten years or by the end of the fiscal year 1971-1972.
2. The Commission recommends that this goal be accomplished by a gradual increase in state assistance during the next decade keeping the ratio at all times at approximately 60% equalization grant and 40% flat grant. As more money becomes available for equalization grants in the years ahead, favorable consideration should be given to reducing the present standard for required local effort now set at 14 mills and, in order to keep flat grants at the recommended 40%, to adopting the State Board of Education's plan for transportation aid and other reasonable flat grant plans.
3. The commission recommends against attempting to reach this goal in any one or two bienniums, believing that the projected state assistance should only be increased gradually over the next decade, hand in hand, with improvements in local school district organization, in other words, that reorganization should keep pace with such increased assistance, the legislature to be the judge of this pace. Money alone

will not solve the problem; there must be a willingness to see that it is put to productive use.

4. The Commission recommends a substantial program of state "reorganization aid" to assist local school districts in attaining better area grouping, as recommended in another part of this report. There will be in the long run substantial economies through such reorganization, as well as better schools.
5. The Commission recommends a substantial program of state appropriations to implement its recommendations in the field of higher education as set forth in another part of this report.
6. For the next biennium, new revenue will have to be raised to implement the recommendations of this Commission. However, such needed new revenue can clearly be raised by reasonable increases in the rates of several existing state taxes (as the Commission recommends in the body of its report), and tax revision in the form of new broad base taxation is not needed if our recommendations for the next biennium are the sole requirement for us to consider (as we have decided).

The Commission has not attempted to prejudge the financial situation of the state beyond the next biennium but has included in its report useful statistical information concerning the yields of a number of different taxes now in use in other states, for the information of the legislature and the chief executive.

Public finance must keep pace with the needs of our public schools and colleges. It is now evident that our public school and college system cannot give an adequate training for "the age of automation and space," unless it is supported by a broader revenue base than the basic property tax which dates from "the age of the horse and buggy." Twenty per cent of the population is now enrolled in the public

school system, a large enterprise, which deserves no less than our best in public support, as an "investment" in the future of this state and its communities.

The above recommendations have obviously been taken directly from the Interim Report and are presented here to make them permanently available to the voters of this Supervisory Union.

Report of the Principal

In my second annual report to you, the citizens of Rye, I will attempt to bring you up to date on some of the significant changes that have taken place during the past year and also outline some of the needs that must be met in order for the quality of education in Rye to continue to improve.

Changes that have taken place in the Rye Schools during the past year which I would like to bring to your attention are as follows:

1. *Reading.* This is by far the most important subject and due to the innumerable intricacies involved, the most difficult for pupils to master. The addition of Mrs. Phyllis Piper as a remedial reading teacher has been of benefit to many of the elementary children who have encountered some difficulty in becoming a competent reader.
The institution of the formalized reading program in Grades seven and eight has contributed, emphasizing reading and reinforcing skills learned during the first six years of schooling.
2. *Center School Library.* During the year the school library has been shifted from the cafeteria to an undersized classroom. A group of fifteen mothers have done an outstanding job acting as part time librarians. Through the work of these women the library has

been made available for student use every afternoon from 12:15 to 3:15.

Contributions toward the library have been made by Mr. Herbert Philbrick, the Rye Junior Women's Club, the Rye P. T. A. as well as many other individuals. These contributions have been most welcomed and appreciated, a fact which is reflected by high circulation rate.

3. *Rye Schools Band.* Under the direction of Mr. David Manseau the band has expanded and has quickly become molded into a unit that is a credit to the school.
4. *New supplies and equipment.* New textbooks and equipment for Science, Social Studies, Mathematics and French have been of much benefit to pupils during the year.

In looking at the future it should be kept in mind that the quality of education offered is dependent upon competent teachers, adequate materials with which to work and physical facilities that meet the curriculum.

The Town of Rye can and should take pride in the present teaching staff. They are a conscientious, dedicated, cooperative and above all a group that is continually exhibiting growth in improving the education of youth.

In order to keep competent teachers, make adequate replacements when needed it is necessary to provide the teachers with salaries that are a livable wage and an enticement to remain in the system, for when changes are kept to a minimum a better grade of education is possible.

The need for additional space at the Center School is imperative and unless this space is provided, there will be a big question of where to house some of the students in the 1963-64 school year.

This is the third year in my present position and it is most gratifying to find the cooperation extended to me by all the school personnel and the people of Rye.

Respectfully submitted,

ROBERT L. LUTHER

Hot Lunch Program

At the Rye Center School Mrs. Barbara Walker is in charge of preparing the meals and she is assisted by Mrs. Enid Davis. An average slightly in excess of 100 Hot Lunches are served daily. Tokens are sold every Monday at a cost of 30 cents per meal and 3 cents per bottle of milk.

Mrs. Evelyn Ireland and Mrs. Lorraine Shaw prepare the lunches at the Elementary School. Approximately 200 lunches are served daily. The cost to pupils in Grades 1 - 3 is 25 cents per meal and for grades 4 - 5, the cost is 30 cents. Milk may be purchased separately at a cost of 3 cents.

The Federal Government has on several occasions supplied the schools with some surplus food commodities such as turkeys and hamburger.

A sample lunch this year which the children like is:

Baked Beans and Hot Dogs
Cold Slaw
Raisin Bread and Butter
Applesauce - Milk
Brownies

Respectfully submitted,

MRS. ELEANOR EMERY.
Hot Lunch Supervisor.

Report of the School Nurse

To the Superintendent of Schools and the School Board
of Rye:

All pupils have been weighed, measured and given

eye screening tests. Twenty-seven were found who needed complete eye exams. All were seen by an eye man and the condition corrected.

Hearing tests were done on students of the first, third, fifth, sixth, seventh and eighth grades. Eight were found who had a hearing problem. They were seen and treated by an otologist.

Class rooms were visited regularly and health problems discussed.

Tuberculin patch testing was done on pupils of all first, fourth and seventh grades. Almost all of the children took advantage of this program.

Second and sixth graders and all boys who participated in sports were given physicals by the school physician, Dr. James Sanders.

Two pre-school clinics were held in May for the purpose of a doctor's exam and for school registration. A total of fifty-one children were seen and examined by the doctor. Three were referred to their family physician for minor treatment. These children were all weighed and measured and health records were begun on each one. They were also seen by Dr. Robert Willmer, dentist, who inspected teeth and spoke with parents.

Sabin Oral Polio Clinics were held at the Rye Elementary School on six Sundays from 9 a. m. - 4 p. m. Type I vaccine was offered on June 3rd and June 10th, Type III on July 8th and 15th, and Type II on Sept. 9th and 16th. Approximately 2500 persons received the three type series. Much time was spent in planning for these clinics and I would like to thank all those who gave of their time and assistance.

The weekly itinerant class in speech therapy was carried on in the Elementary School through the first week in June. Twenty children were seen and treated throughout the year. A great deal of time and effort was put into the setting up of this program. Donations were

given by the school board and the Rye Grange plus the small amount which the children were asked to pay for each of their lessons. This is a worthwhile program and I hope that it may be continued another year.

Many thanks to the Rye Lions Club for their help during the past year. Two hundred and eighty-seven home contacts were made by me in 1962.

Respectfully submitted,

JESSIE M. SHORT, R. N.
School Nurse

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Rye, in the County of Rockingham and the State of New Hampshire, qualified to vote upon district affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE ELEMENTARY SCHOOL IN THE SAID DISTRICT ON SATURDAY, THE NINTH DAY OF MARCH, 1963 AT 7:30 IN THE EVENING, TO ACT UPON THE FOLLOWING SUBJECTS:

1. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.

NOTICE: School District officers are to be elected at Town Meeting (Rye Town Hall, March 12, 1963, polls open 10:00 A. M. and will not close before 6:00 P. M.) in accordance with the statutory election procedure adopted by the District at its March, 1962 annual meeting.

2. To see if the District will authorize the construction and equipping of additions to the Rye Center School and alterations to the existing plant thereby providing additional educational facilities and an auditorium-gymnasium for use by the District and the Town, and further, to see if the District will vote to raise and appropriate a sum not to exceed Two Hundred Thirty-Nine Thousand Dollars (\$239,000.00) for such purposes, and whether the District will vote to raise such sum through the issuance of serial notes and/or bonds upon the credit of the District for all or any portion of the sum so raised and appropriated and will vote to authorize the School Board to negotiate, and issue such notes and bonds, and to fix the rate of interest and all other terms thereof, and to take such other action as may be required to effectuate the purpose of this vote in accordance with the provisions of the Municipal Finance Act R.S.A. Chapter 33 and any

amendments relating thereto and to see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

3. To see if the District will vote to authorize renovation to the present toilet facilities at the Center School to include the installation of new fixtures, rearrangements of partitions, installation of ceramic wall tile, and installation of floor tile, and to see if the District will raise and appropriate the sum of Seven Thousand Dollars (\$7,000.00) for this purpose, and to determine how such appropriation shall be raised, whether by taxation, by borrowing, or otherwise, and if by borrowing, to authorize the issuance and sale of bonds or notes of the Rye School District therefore, under and pursuant to the Municipal Finance Act or any other enabling authority.

4. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the Selectmen the balance between estimated revenue and the appropriation, which balance is to be raised by the town.

5. To transact any further business that may legally come before said meeting.

Given under our hands at said Rye this 20th day of February, 1963.

HELEN J. POTVIN,
BUFORD POTTS Jr.,
RALPH E. MORANG Jr.,

RYE SCHOOL DISTRICT

Warrant — Election of Officers

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Rye, in the County of Rockingham and State of New Hampshire, qualified to vote upon district affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE TOWN HALL IN THE SAID DISTRICT ON TUESDAY, THE TWELFTH DAY OF MARCH, 1963, AT 10:00 IN THE MORNING, TO VOTE FOR DISTRICT OFFICERS UNDER THE FOLLOWING ARTICLE, WHICH APPEARS IN BOTH THIS WARRANT AND THE WARRANT FOR THE 1963 ANNUAL TOWN MEETING:

2. To choose all necessary officers for the Rye School District in accordance with the statutory procedure adopted by said District at its March, 1962 annual meeting, to wit:

- a. To choose a Moderator for the Rye School District for the ensuing year.
- b. To choose a Clerk for the Rye School District for the ensuing year.
- c. To choose a member of the Rye School Board for the ensuing three years.
- d. To choose a Treasurer for the Rye School District for the ensuing year.

POLLS WILL OPEN AT 10:00 A. M. AND
WILL NOT CLOSE BEFORE 6:00 P.M.

*The foregoing procedure calling for election of your
District Officers at the Annual Town Meeting is author-
ized by Statute (RSA 197:1-2 et seq.) and was adopted
by the District at its 1962 Annual Meeting.*

Given under our hands at said Rye this 20th day of
February 1963.

TOWN WARRANT *and BUDGET*

TO BE VOTED UPON
BY THE VOTERS OF THE
TOWN OF RYE, N. H.

IN THE TOWN HALL

Tuesday, March 12, 1963

AT 10:00 A. M.

Polls Will Not Close Before Six O'Clock P. M.
Business Meeting at Eight O'Clock P. M.

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Rye in the County of Rockingham in said State, qualified to vote in Town Affairs:

And to the Inhabitants of the School District in said Town of Rye, qualified to vote upon District Affairs, for the limited purpose of electing officers of the Rye School District at the annual Town Meeting, in accordance with procedures authorized by statute (RSA 197:1a et. seq.) and adopted by the District at its March, 1962, annual meeting, under Article 2 of this warrant.

You are hereby notified to meet at the Town Hall in said Rye on Tuesday the twelfth day of March, next at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose all necessary officers for the Rye School District in accordance with the statutory procedure adopted by said District at its March, 1962 annual meeting, to wit:
 - a. To choose a Moderator for the Rye School District for the ensuing year.
 - b. To choose a Clerk for the Rye School District for the ensuing year.
 - c. To choose a member of the Rye School Board for the ensuing year.
 - d. To choose a Treasurer for the Rye School District for the ensuing year.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
4. To see if the Town will authorize the Selectmen to hire money from the Trustees of Trust Funds.
5. To see if the Town will authorize the Selectmen to hire

money in anticipation of taxes.

6. To see if the Town will vote to allow five percent discount on all property taxes paid on or before October 1, 1963.

7. To see if the Town will vote to authorize the Selectmen to negotiate with the State of New Hampshire to acquire title for the Town of Rye to any or all of the so called Rye Harbor Reservation, now held by the Division of Parks, Department of Resources, of the State of New Hampshire; and that the Selectmen be authorized to accept said land in the name of the Town of Rye; and that said land be used by the Town for recreational and other Town purposes subject to the approval of the Rye Planning Board.

8. To see if the Town will vote to raise and appropriate the sum of sixteen thousand five hundred dollars (\$16,500.00) to complete the mapping program and to prepare a property map for taxing purposes for the Town and to authorize the Selectmen to negotiate with a reputable firm of mapping engineers to perform this work.

9. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 as the Town's share toward the construction and development of a Seacoast area airport and to authorize the Selectmen to confer and consult with Federal, State and neighboring Town officials in all matters pertaining to the construction of an area airport.

10. On the petition of James M. Culberson and eleven others:

To see if the Town will vote to raise and appropriate the sum of \$36,500.00 for the purpose of mapping and appraising real estate within the Town and to authorize the Selectmen to negotiate for such services. The appraisal is to be performed by Cole, Layer and Trumble Company or a company of equivalent experience and reputation.

11. On petition of Perley H. Buxton and sixteen others:

To see if the Town of Rye, N. H. will vote to raise and appropriate the sum of \$5,000.00 for the purpose of resurfacing, oiling and accepting Gray Court, a street running in a south-

easterly direction from Big Rock Road to Ocean Boulevard, a distance of 1075 feet in the Jenness Beach Precinct.

12. To transact any other business that may legally come before this meeting.

Polls will not close before six o'clock P. M.

Business meeting at eight o'clock P. M.

Given under our hands and seal, this twenty third day of February in the year of our Lord nineteen hundred and sixty-three.

ROBERT B. GOSS,
GORDON E. STAPLES,
RALPH F. HAMMOND,
Selectmen of Rye.

A true copy of Warrant — Attest:

OF THE TOWN OF
RYE
NEW HAMPSHIRE

As Prepared by the Selectmen

April 1, 1962

PROPERTY OWNER (S) ASSESSED VALUATION

TOWN OF RYE, NEW HAMPSHIRE

OFFICE OF THE SELECTMEN

This booklet lists the assessed valuation of lands and buildings, both resident and non-resident in accordance with article 8 of the warrant adopted at the annual Town Meeting 1961, as follows:

“To see if the Town will vote to require the publication every two years of the names of each property owner together with the assessed valuation of their property or properties.”

This list does not include assessments for stock in trade, mills, machinery, boats, animals, et cetera. Each asterisk * indicates \$1,000.00 veterans exemption is deducted from valuation shown before computing tax.
